Volume Information

Journal of Educational Innovations and Practices (JEIP) is an international, peer-reviewed, open-access scholarly journal published under a **continuous publication model**. During the 2025 publication year, **five original research articles** were published within Volume 1. In accordance with the continuous publication policy, each article is identified by a unique article number rather than traditional page ranges.

From the Editor

Dear Readers,

It is our great pleasure to present the first volume of the *Journal of Educational Innovations and Practices (JEIP)*. Volume 1 (2025) includes five original research articles addressing contemporary issues in educational sciences, with particular attention to digital transformation, artificial intelligence in education, measurement and evaluation, and learner-centered pedagogical practices.

Published under a continuous publication model, JEIP aims to ensure the timely dissemination of high-quality research while maintaining rigorous peer-review standards. The studies in this volume reflect methodological diversity and scholarly collaboration, contributing both theoretical insights and practical implications for educational research and practice.

We sincerely thank our authors, reviewers, and editorial board members for their valuable contributions to the successful publication of this volume.

Assoc. Prof. Dr. Ahmet Salih Şimşek

Editor-in-Chief
